Each individual member shall possess one voting right, while family members will be entitled to a maximum of two votes.

Furthermore, the Board has the authority to grant regular voting membership to other adult individuals residing with the family, provided they pay dues at a substantially reduced rate compared to single members.

Annual dues shall be payable on the first day of each calendar year, and the corresponding payment must be submitted along with the membership application. It should be noted that honorary and associate members are exempt from any dues obligation.

In addition, the Board, upon the General Assembly's approval, retains the ability to impose additional charges and fees for specific purposes, such as establishing or maintaining a building fund. The Board also reserves the right to establish charges or fees for special events and activities as it deems appropriate.

Extract of Article 2.01:

Only members who are current with their annual dues shall be entitled to vote at any meeting. Each member who has maintained good standing for the immediately preceding sixty (60) days will have one vote.
